

Lint Free Dry Wipes – Non Sterile

TRINITY MEDICAL
PATIENT CENTRIC TECHNOLOGIES

Hygimax™ Disposable lint free wipes are made from a specially designed fabric of very high purity. These medical grade wipes are designed for HTM 0105 Pre & Post Sterilising and many other cleaning tasks in medical facilities. Hygimax Fabric can handle the toughest cleaning challenges because they are so strong - even when wet. Specially designed lint free wipes for dentists, doctors surgeries, hospitals, universities etc.

New smart box dispenser optimises hygiene & reduces over consumption. Lint free cloths ideal for cleaning non-invasive medical devices & surfaces.
